

BDCB8020W**8 kg Sensor Controlled Condenser Tumble Dryer**

Drying Capacity
8 kg

Drying Technology
Condenser

Energy Rating

Sensor Drying
Optisense®

Design

Colour: White
 Door Finish: Premium Black/Chrome
 Door Opening Angle: 155°
 Drum Light: Yes

Performance

Max Loading Capacity: 8 kg
 Energy Rating: 2 Stars
 Energy Consumption: 360 kWh
 Noise Level: 65 dBa

Technology

Drum Technology: Aquawave™
 Drying Technology: Condenser
 Sensor Drying System: OptiSense®

Control Features

Display: LED Digital
 Delay Timer: 0-24 hours
 Remaining Time Indicator: Yes
 Auto Anti-Creasing: Yes
 End of Cycle Buzzer: Yes

Compatible Stacking Kits: 2986960100 Universal with belt
 (sold separately) SKWS54 Stacking Kit with Shelf

 Unpacked / Packed Width: 598 mm / 650 mm
 Unpacked / Packed Depth: 609 mm / 630 mm
 Unpacked /Packed Weight: 35 kg / 36 kg

Sku: 7182483270
 Ean Code: 8690842478895
 Manufacturers Warranty: 2 Years + 3 Years by Registration
 Launch Date: June 2022

BDCB8020W

8 kg Sensor Controlled Condenser Tumble Dryer

Optisense® Technology - Preventing over-drying, our sensor drying programmes identify the level of moisture in the drum and automatically stop the cycle when the optimal dryness level has been reached. As well as saving you time and money, your laundry will benefit from better care and protection.

Hygienic Drying - The Hygienic Drying Program provides a deep sterilisation of your laundry killing the presence of live house dust mites and pollen. This sterilisation is possible due to the high temperature in this program, offering perfect drying cycles to protect your little one's clothes and delicate skin.

Approved by Allergy UK

Auto Anti-Creasing - Perfect for those days when you can't unload your laundry right away, our automatic anti-creasing function rotates the drum periodically for up to 2 hours after a cycle has finished, separating your laundry to minimise creases.

Recycled Dry - Beko's RecycledDry™ Tumble dryers are made with approximately 15% recycled materials, including 2420 tons* of waste plastic bottles. And if you wonder what that means, well, you get the same durability and performance you'd expect while the planet gets a little cleaner and healthier.

*Parent company production in 2019 & 2020
