

The image shows an energy label for a Beko refrigerator. At the top left is the European Union flag. To its right, the word "ENERG" is written in large letters, with "енергия · ενεργεια" below it. Further right are four circles containing the letters Y, IJA, IE, and IA. Below the flag is the "beko" logo. To the right of the logo, the model number "HNT61110BH" and the barcode number "9202223200" are displayed. The central part of the label features a scale of energy efficiency classes from A+++ (green) to D (red), with a black arrow pointing to class D. Below this scale, a box contains the number "69" and the unit "kWh/annum". At the bottom, there are four icons: a recycling symbol, a lightbulb, a water drop, and a speaker. Each icon has a corresponding class label below it: "ABCD EFG", "A B CDEFG", "A B CDEFG", and "63 dB". At the very bottom left, the text "65/2014" is visible.
